Pax Duc

Towel warmers with Duo provide unmatched flexibility. The ideal solution for any project.

Pax Duo - Style, function and safety.

Pax Duo is a series of electric towel warmers that combine elegant design with innovative technology, making your everyday life both comfortable and energy-efficient.

With flexible installation options and easy control, Pax Duo is the obvious choice for both private homes and larger projects.

Timeless design in four step-models Choose the model that suits your style -

all made from durable, stainless steel. For a classic look, there is a polished fi-

nish, while the painted matte black surface provides a modern and exclusive feel.

User-friendly timer settings

With intuitive button presses, you can easily control how long you want the towel warmer to heat and dry your towels:

- One-time timer: 3 or 6 hours
- Repeating timer: 3 or 6 hours per day

Adjustable power for optimal energy efficiency

In addition to timer settings, you can also adjust the power to 75% or 50% of the nominal power - a smart feature for both energy savings and comfort.

Flexible electrical connection

The name Duo reflects the option to choose the electrical connection on either the right or left side, simplifying installation especially for larger projects.

Safety and Quality First

All Pax towel warmers are CE-marked and S-marked, ensuring they meet the highest standards for safety and reliability.

Future-proof and energy-efficient

The Pax Duo series meets the new Ecodesign requirements (2024/1103) for electric towel warmers, which come into effect on July 1, 2025. An investment in the sustainable technology of the future!

Optional electrical connection right or left

Timer and power regulation

This is what you get with Pax Duo:

- 1. Four models in timeless design
- 2. Stainless steel, polished or matte black
- 3. Optional electrical connection on the right or left side
- 4. Timer and power regulation
